EXPERIENCE

PinnacleLabs India

May 2026 – Jun 2026

Software Development Engineer Intern

- Engineered AI-driven applications including Resume Parser, Real-Time Translator, and Autocorrect Tool using Machine Learning and NLP.
- Designed intelligent automation systems with real-time processing to improve workflow efficiency and application accuracy.
- Collaborated with development teams to optimize system performance and enhance user experience.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL, MATLAB
Frontend: HTML, CSS, JavaScript, Responsive UI Design
Backend: Node.js, Express.js, REST APIs, Firebase, Supabase
Databases: MongoDB, MySQL
Libraries: TensorFlow, Scikit-learn, spaCy, NumPy, Pandas
Tools: Git, GitHub, VS Code, Figma
Concepts: Machine Learning, NLP, Full Stack Development, API Integration

PROJECTS

Hand Gesture Mouse Control

Python, OpenCV, MediaPipe

- Developed a touchless virtual mouse system enabling real-time cursor movement through webcam-based hand tracking.
- Implemented gesture recognition for click, drag, and scroll operations using MediaPipe and OpenCV.
- Improved accessibility and user interaction through low-latency hands-free computer control.

Live Weather Application

JavaScript, REST APIs, HTML, CSS

- Built a responsive weather application that fetches and displays real-time weather data for any city using the OpenWeatherMap API.
- Implemented dynamic UI updates including temperature, humidity, wind speed, and weather condition icons based on live API responses.
- Integrated geolocation support to auto-detect the user's location and deliver instant local weather information.

Cafe Ordering System

MERN Stack

- Developed a full-stack cafe ordering platform with authentication, menu management, and order tracking.
- Integrated real-time database services to improve order processing efficiency and system reliability.
- Designed a responsive user interface to provide a seamless ordering experience across devices.

CERTIFICATIONS

- AWS Certified Machine Learning – Specialty
- TensorFlow Developer Certificate
- Artificial Intelligence Fundamentals IBM SkillsBuild

EDUCATION

VIT Bhopal University, Sehore, Madhya Pradesh

Jul 2024 – May 2029

Integrated Mtech Artificial Intelligence

Shri Swami Samarth English Medium School, Jalgaon, Maharashtra

Jun 2022 – May 2024

HSC (Class XII) – 80%

POSITIONS OF RESPONSIBILITY

Media Team Lead, NEC Club

Present

Led photography, videography, and promotional content creation for club events.

Photography Co-Lead, Meta Verse Club

Present

Coordinated photography activities and visual storytelling for club events.

Media Team Member, National Service Scheme (NSS)

Present

Captured and edited media content for outreach campaigns and social initiatives.

HOBBIES

Photography • Cinematography • Video Editing
